

2021 **COMMUNITY IMPACT REPORT**

Working *together* for a Hudson Valley
free of violence in all its forms.

FEARLESS!
RECLAIMING OUR SAFETY

A MESSAGE FROM OUR
EXECUTIVE DIRECTOR
Kellyann Kostyal-Larrier

At times it seems inconceivable that two years have passed since the beginning of this life altering pandemic, and 2021 continued to be an incredibly challenging year. Fearless! staff remained strong, resilient and unwavering. The demand for services continued to increase dramatically, and it has been challenging to keep pace with those needs. There were significant obstacles for everyone, and once again Fearless! saw an increase in need for programs and services. Hotline calls rose an additional 10% in 2021, and a staggering increase of almost 40% since 2019.

Despite these unprecedented times, our commitment to our mission, vision, and values continued to strengthen. Fearless! responded 24 hours a day, 365 days per year to victims, survivors, and the community's need of crisis assistance. We increased services including expanding our Risk Reduction Response and Trafficking Programs, and began providing sexual assault services in Sullivan County.

Dreams Become Reality

What started as a brainstorming session in 2012 to address the number of survivors and their children that were denied shelter because we were at capacity led us on a nine year journey. While COVID drastically slowed us down- it did not stop our commitment and progress. In November of 2021, we officially opened Shelter II. We had dreamt of a more official grand-opening and yet the very reason we had started down this road, compounded with the additional impacts of COVID on shelter space, had us quietly opening the doors, and within days all available beds were full. This project could not have happened without so many incredible heroes, like each of you, along the way.

The Power of Giving

In another year where our fundraising events were scaled back or canceled, the community continued to ensure that Fearless! had the support we needed to ensure programming and services were available to survivors. The generosity and spirit of Orange and Sullivan communities was incredible. We are truly grateful for your support. The need continues to be significant and your continued support will be life changing for survivors who have benefited from programs and services provided at Fearless!.

Not for the Faint Hearted

Ending gender based violence has no simple solution and the mechanics of the why are intricate, complicated, and reinforced by visible and invisible walls. While managing a pandemic gender based violence did not stop, in fact, there were no reductions. These truths played out nationally in countless communities across the country where victims were terrorized by someone claiming to love them, with high profile cases like the murder of Gabby Petito, and the continued criminalization of survivors like Nicole Addimando and Tracy McCarter. Nobel Peace Laureate Dr. Denis Mukwege once said "It is not just perpetrators of violence who are responsible for crimes, it is also those who chose to look the other way". There is no other option but to get involved with finding a solution because failing to do so has grave consequences for generations to come.

It is time that each one of us choose to be Fearless!.

In Solidarity Kellyann

FEARLESS! services are FREE & CONFIDENTIAL

Our Mission

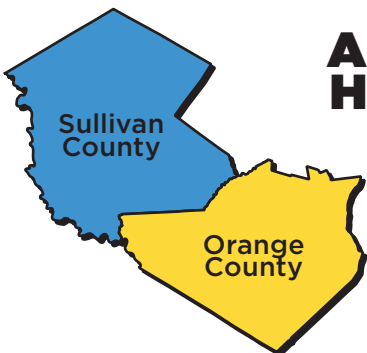

To build an informed, just, and accountable society so all people can experience supportive and safe relationships free from abuse, exploitation, and oppression. We do this by education, prevention, advocacy, and providing comprehensive services, including shelter, to victims and survivors of interpersonal violence, human trafficking, sexual violence, and other types of crime victimization.

Our Vision

We envision being the leading authority on interpersonal abuse and violence, collaborating with other agents of change in dismantling inter-sectional individual and systemic oppression.

Our History

In 1986, a group of friends gathered around a dining room table to form what was then called Orange County Safe Homes Project. What started as a small organization comprised of a hotline and shelter for domestic violence victims has expanded and grown to an increasingly bold and empowered agency that advocates for change while supporting survivors.

ABUSE CAN HAPPEN TO ANYONE.
WE ARE
here
TO HELP.

FEARLESS!

Providing services to victims and survivors of domestic violence, human trafficking, sexual violence, & other crime victimization

24-Hour Hotline

MIDDLE SCHOOL

CELEBRATION OF HOPE *Gala*

FEARLESS! is thankful to these five extraordinary and selfless humans, who have all made a significant impact within their communities. It's truly an honor to call them Fearless! Friends and to have honored them at our 35th Anniversary Celebration of Hope Gala, where we raised over \$35,000 to support victims and survivors.

KIM DADOU BROWN

Kim is a domestic violence survivor who served 17 years in prison for defending herself from her abuser. During the eleven years she's been home, Kim has spoken publicly to a wide variety of audiences about the intersection of trauma and women's incarceration at conferences, panels and forums. Kim was a featured Survivor at the Brooklyn Film Festival in the award-winning documentary, 'And So I Stayed.' Kim has conducted numerous interviews about her experiences and ideas for change, and has lobbied and testified in Albany for legislative changes for survivors in the criminal justice system. Kim has been a leading voice in the passage of the Domestic Violence Survivors Justice Act. Kim's story and advocacy efforts have been featured in many prominent media sources and she was a leading member of the Coalition for Women Prisoners' Domestic Violence Survivors Justice Act's ten-year-long Campaign.

TERRY MURRAY

Terry's belief in and support of the work of Safe Homes/ Fearless! was inspired by his wife Jacqueline's work with Lisa Daily and David Goggins in founding this organization and nurturing its infancy and childhood. What amazing company to travel with! As Safe Homes grew and recently transformed to Fearless!, Terry has found ways to support its work by painting a mural at the original shelter, volunteering at events, supporting its move to the Newburgh YMCA, creating graphic work in support of its mission and ongoing work, teaching many of its staff in the Humanistic/Multicultural education Graduate Program, helping organize fundraising events like the You Can Be Heroes 5K run/walk, and creating a second mural for the new Fearless! Shelter.

LQ DESIGNS

Leslie Linksman and Karen Quiana founded LQ Design in 2008 as a boutique firm that provides interior and landscape design services throughout the metropolitan region. With a keen understanding of the impact that good design can have on the quality of life for the inhabitants and users of a space, they were honored to be given the opportunity to assist the Fearless! Team in creating a warm, welcoming new home for their staff and clients. Moving ahead, they look forward to engaging their professional network to contribute additional resources to Fearless! so that they may provide comfort, security, and serenity for those seeking shelter.

SPECIAL AGENT >>>
JESSICA MILLER

Special Agent Miller was previously a Child Protective Service Worker before becoming an FBI Agent in 1990. She has worked in the Violent Crimes Unit, primarily focusing on Crimes Against Children in the New York Office for the last 27 years. She is currently assigned to the Hudson Valley Safe Streets Task Force.

VOLUNTEER SPOTLIGHT

Saishree (Kiki) Rao

A decade of service >>>>

With her Masters in Social Work, Kiki started volunteering late in 2010, and has since continued to her commitment to Fearless!. In 2014, she was our Celebration of Hope, Jane Chertock Legacy Award recipient. We are so thankful and grateful for her service, support, and dedication over the years.

What would you tell someone considering volunteering at Fearless!?

“Domestic Violence affects 1 in 3 relationships. The work of Fearless! needs volunteers to help bring awareness to this issue. Together we can affect change and help end this cycle of violence. The Fearless! family will help you gain the language and advocacy skills to safely help survivors.

What is it like to be a volunteer at Fearless!?

Volunteering at Fearless! has brought me a sense of purpose, new skills, and an inspiring network of people. Not-for-profits are always short of funding and resources but the commitment of Fearless! staff to give above and beyond their job descriptions, inspires me to do more every day.

How are you involved at Fearless!?

Since volunteering at Fearless! I have helped with answering hotlines, supporting the shelter, and helping at various community events. The majority of my time has been focused on supporting victims in family court by providing emotional support and advocacy.

What inspired you to be involved at this level?

I developed a commitment to the mission of Fearless! after helping close friends and family members face abuse in their relationships. While researching agencies that could help these survivors I came across Fearless! and eventually joined the agency’s efforts as a volunteer. All of the survivors I have met inspire me! As I have journeyed with them in their process of recognizing abuse and healing, I realized how much more was needed in terms of education, intervention, and resources, and continue to share the work of Fearless! anywhere I can.
